

# Landstar

TELECOM

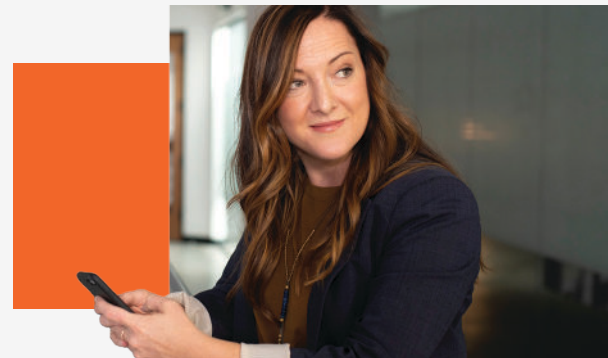

## NEXT GENERATION Communication Solutions

At Landstar Telecom, we help simplify your back office by merging multiple services utilizing one vendor. We have experience with Sirona, Dexis, Open Dental, Dentrix, Carestream, and Planmeca, just to name a few, and our mission is to deliver scalable, full-feature next-generation business communication services to our customers with the highest degree of value, integrity, service, and support.

## Why Choose LANDSTAR TELECOM?

- Over 10 Years In Dental Tech
- We Collaborate With Vendors to Solve Problems
- Specializing in Managed Service for Voice for Dental Offices and DSOs
- One Vendor, One Number...Solutions!

Our team specializes in solving common issues without having to go to the manufacturer. From secure remote access to troubleshooting and even installations, we're here to provide you with the help you need to run your dental business more efficiently. No matter the specific assistance you require for your dental business, we are proud to be your one-stop shop for Voice and Technology Service needs for your dental practice.
